

BLUE BAMBOO®

simple. reliable. affordable.

Blue Bamboo designs and markets feature-rich and exceptionally affordable products for the POS terminal and peripherals industry, delivering scalable, customer-centric, PCI and EMV compliant wireless payment solutions.

H50 Terminal

Blue Bamboo's all-in-one wireless H50 handheld POS terminal provides anytime, anywhere payment transactions giving mobile professionals the ability to increase sales and productivity while reducing operational costs.

P25 Printer

With its compact and light weight design, the P25 is an ideal printer for portable applications. Users benefit from a modular design that supports Bluetooth®, Serial or USB connectivity, magnetic stripe reader, and a host of accessories to create a variety of applications.

Pocket POS®

Mobile Merchant Solution enables a cellphone, Blackberry®, PDA or laptop to quickly accept all major credit and PIN or PIN-less debit cards anywhere, anytime.

BlueView™

A comprehensive Device Management System that provides an integrated, easy to use, open software architecture for single unit and enterprise deployments. Most importantly, the system manages your complete device life cycle from initial set-up, deployment, activation and merchant on-boarding through product and account end of life.

BlueBox™

Bluetooth Class 1 Wireless LAN Access Server hosts up to 7 simultaneous connections in a highly secure and configurable Linux O/S internet appliance. It is ideal for wireless POS networks in hospitality, hotel, retail, stadium, cruise lines and resort segments and includes a performance range up to 100 meters.
