

ANNOUNCEMENT

RedFin Network is proud to introduce William “Bill” Paul as a distinguished new addition to the organization as Vice President of ISO Business Development.

Beginning with Concord EFS in 1994, Bill brings over 15 year of experience in the Merchant Processing industry, specializing in ISO products and services. Most recently, Bill has served as President and Managing Director of Merchants’ TPS, a Chase Paymentech ISO.

After working with RedFin Network from the ISO side with Merchants’ TPS, Bill brings a real life perspective, and an understanding of the unique needs of ISOs, to the marketplace. Bill’s knowledge and experience will help ISOs realize higher profits and increased business through RedFin Network’s fresh approach to wireless and e-commerce transaction solutions, one of the most robust payment gateways available, Blue Bamboo® terminals and printers, and our newest product, the HioPOS All-in-One POS Solution.

Bill will be introducing himself to his colleagues and to the RedFin Network Resellers and ISOs in the coming days. Please feel free to ask him any questions you may have about RedFin Network, or how you can leverage the power of RedFin Network products and services.

Bill can be reached at 866.685.4326 ext.110 or via email at bpaul@redfinnet.com
