Customer Focus

Lunex Telecom and its partner ATI launched the H50 terminal at The Prepaid Press Expo 2009.

Total solution delivery to foreign markets requires a strong understanding of how these technologies have been adopted and what all the integration points look like. The easiest way for anybody to do this is to find a partner already there.

Blue Bamboo has recently arranged new business terms with premier partner Lunex Telecom to deliver Blue Bamboo's simple, affordable and reliable payment solutions to the North American market.
